Greetings, we are announcing a six-month extension on the deadline for making a final determination on whether to list the Texas hornshell under the Endangered Species Act (ESA). The Service is taking this action on its 2016 proposal to list this freshwater mussel in order to solicit additional scientific information on the status of the species in Mexico. We will make a final listing determination no later than February 10, 2018.

This announcement will publish in the *Federal Register* on Thursday, August 10th. A 30-day public comment period will begin upon publication of the Notice.

Please see the news release below for additional information.

The *Federal Register notice *can be found here: https://s3.amazonaws.com/public-inspection.federalregister.gov/2017-16887.pdf
